

Supplier Quality Specialist

The Group Belourthe counts on 2 factories to produce specialized foods, namely infant cereals, among others: The factory Nutriceal Foods, SA based in Benavente, Portugal and Belourthe, SA based in Hamoir, Belgium.

We are currently looking for a Supplier Quality Specialist, function belongs to Global Quality Department - to be based in Benavente, Portugal, working for both Portuguese and Belgium factories portfolios.

Main roles would be:

- Performing document review of data provided by suppliers and creating internal raw material specifications (according to an internal loop of approval, getting close work with Factory quality departments and R&D, using the inputs to establish the final internal specification to be agreed and signed by supplier);
- Establish communication links with suppliers to promote transparency along the supply chain, and open dialogue in what relates to Food Safety and Quality;
- Maintain all supplier's documentation (Food Safety and Quality related) updated, according to the company rules and GFSI certifications;
- Follow up Food safety alerts in the market and act accordingly;
- Follow up legislation related to the raw and packaging suppliers and act accordingly;
- Support the factories with issues or questions related to suppliers, and actively dialogue with suppliers;
- Support both factories with proper supplier related information, being available for audits, inspections and giving the adequate inputs for Suppliers Performance, Fraud and Risk assessment tools;

What we are looking for:

- A Degree and/or Master in Food Technology, Agronomics, Chemical or other similar profile
- 2 years of experience on working in Quality and Food Safety in Food Industry
- A resilient and proactive attitude
- Attention to details
- Willing to learn and develop skills
- Good level of English

What we offer:

- Opportunity to grow
- Integration in a team spirit and familiar environment
- Health & Life Insurance
- Pension Fund after becoming permanent contract

If you think that you match the required profile, please contact us and send the CV to the email: rh@nutricealfoods.com
