

## **PUBLIC NOTICE FOR A RESEARCH SCHOLARSHIP FOR MASTER DEGREE**

**Reference IPC-IIA/Phos4Cycle/BI\_Mest.1**

**CONTEST CODE – PRBI/21/2024**

A call for applications is open for a Research Scholarship (BI) within the scope of the project “Phos4Cycle - Monitoring phosphates in agricultural activities for the sustainable use of soil and water”, with operation code S1/2.7/E0044, supported by the INTERREG SUDOE 2021-2027 Program co-financed by the European Union.

The purpose of the research scholarship will be to implement and develop the following activities:

1. Support the development of the Strategy and Action Plan to prevent and reduce water and soil contamination by phosphates from agricultural activities.
2. Establish and monitor experimental plots in two pilot areas of the project in Portugal, allowing the development of a contamination risk prediction model.
3. Perform laboratory analyses of water, soil, and sediment samples.
4. Collaborate in the capacity-building activities for project beneficiaries and other entities to contribute to the adoption of the phosphate contamination prevention Strategy and Action Plan.
5. Support the drafting of technical activity reports and scientific publications.
6. Support the project's dissemination activities and its results.

**Generic scientific area:** Agriculture, Environment, or similar.

**Specific scientific area:** Agriculture, Environment, or similar.

### **Requirements**

- Master's degree in Agriculture, Environment, or related areas, enrolled in a PhD program in one of the mentioned areas or a non-degree course.
- With experience in:
  - a) Fieldwork
  - b) Laboratory work
  - c) Teamwork
  - d) Preparation of technical reports and scientific articles

### **Work plan**

The work plan will be developed at the Escola Superior Agrária de Coimbra of the Instituto Politécnico de Coimbra and at two agricultural fields located in Montemor-o-Velho and Aveiro. The grant holder will assist and participate mainly in the following project work packages (WP): WP1: Strategy and action plan for the prevention and reduction of phosphate contamination from agricultural activities; WP2:

Development of the pilot system for phosphate monitoring and risk prediction model; WP3: Capacity-building for the adoption of the strategy and action plan involving the national territory.

### **Scholarship length**

The grant will last for six (6) months, possibly renewable for an identical period under an exclusivity regime, in accordance with the IPC Scholarship Holder Regulation, approved by Order no. 5963/2020, published in the 2nd series of the DR 1 June. º 5963/2020, published in the 2nd series of the Official Gazette of 1 June, and the current Regulation of Research Grants of the Fundação para a Ciência e a Tecnologia (FCT) I.P.. The Scholarship is scheduled to begin on October 1, 2024.

### **Monthly Maintenance Allowance**

1.259,64 € according to the table of scholarship amounts awarded by FCT to positions held in Portugal ([www.fct.pt/apoios/bolsas/valores](http://www.fct.pt/apoios/bolsas/valores)), with payment made monthly by bank transfer.

To this amount is added the voluntary social insurance corresponding to the first tier, and a personal accident insurance contract.

### **Workplace**

The work will be developed at the Escola Superior Agrária de Coimbra, of the Instituto Politécnico de Coimbra, under the scientific guidance of Professor PhD Carla Rodrigues and Researcher PhD Verónica Oliveira.

### **Selection Criteria**

The criteria for evaluating applications are as follows:

- Curriculum evaluation (40%);
- Experience in laboratory work (20%);
- Experience in fieldwork (15%);
- Teamwork experience (5%);
- Experience in preparing reports and scientific articles (5%);
- Motivation of the candidate to participate in the project (15%).

There may be an interview if it is necessary to break a tie between candidates.

### **Jury Composition**

The jury responsible for the selection process will be made up of Professor PhD Carla Rodrigues (President), Researcher PhD Verónica Oliveira, Professor PhD Daniela Santos and Professor Specialist Maria Filomena Miguens (Effective Members) and Researcher PhD Ana Sofia Fajardo and Professor PhD Cristina Galhano (Substitute Members).

### **Documents to be presented**

The applications must include the following documents:

- Application form available on the internet page for this competition at <https://www.ipc.pt/ipc/sobre/rh/a-decorrer-pessoal-bolseiro>.

- Copy of qualification certificates;
- Applicants with foreign qualifications must provide proof of their foreign academic degree and diploma in accordance with Decree-Law no. 66/2018 of 16 August;
- Proof (or declaration under commitment of honor) of enrollment in the PhD program or a non-degree course;
- Motivation letter addressed to the President of the jury;
- Dated and signed curriculum vitae;
- Identification, residence, identification document number, and tax identification number;

### **Deadline for applications submission**

It will last 10 working days, between 05/09/2024 and 18/09/2024.

Candidates must access and register on the website [https://www.ipc.pt/bupc/concursos/form/concursos\\_bolseiros](https://www.ipc.pt/bupc/concursos/form/concursos_bolseiros) to submit the application, selecting the procedure for which they intend to apply.

Applications must be delivered exclusively in digital format, in portable document format (pdf), except for documents whose delivery is scheduled in other digital formats.

Application instructions are completed by filling in the sections available at the aforementioned email address.

When formalizing the application, if it contains a classified document that reveals commercial or industrial secrets, or secrets relating to literary, artistic or scientific property, the candidate must expressly indicate such reservation, under penalty of the work in question being freely accessed by any one of the other candidates, in consultation with the process.

When submitting the application, the candidate must provide only the necessary data, according to this notice, and must hide personal data present in the documentation, as these data may be freely accessed by other candidates during the process consultation.

### **Method of notifying results**

The evaluation results will be published through an alphabetical list by final grade, displayed in a visible and public place at the Escola Superior Agrária de Coimbra of the Instituto Politécnico de Coimbra. All candidates will be notified for the purposes of prior hearing, via email.
